

# VINH NGUYEN (VINCE)

Bay Area, CA |  [www.linkedin.com/in/npvin](https://www.linkedin.com/in/npvin) |  <https://vinengineer.github.io>  
(714) – 603 – 2524 | [vphnguyen@ucdavis.edu](mailto:vphnguyen@ucdavis.edu)

## EDUCATION

---

### University of California, Davis.

Bachelor of Science, Mechanical Engineering

- Expected graduation in June 2020
- GPA: 3.80/4.00

### College of Alameda.

Associate Degree, Mathematics

- Graduated with highest honors in June 2018
- GPA: 4.00/4.00

## TECHNICAL SKILLS

---

- Shop Skills: Laser cutters, 3D printers, Hot wire cutter, Working tools
- Programming: Python, C++, HTML, Matlab
- Software: SolidWorks, Fusion 360, Excel, Word, PowerPoint

## EXPERIENCE (Portfolio: <https://vinengineer.github.io>)

---

### Ultrasil Corp. - Hayward, CA

July 2019 - September 2019

#### Process Engineer Intern (Semiconductors - Silicon Wafers)

- Assisted the R&D team in developing new SOI wafer polishing processes that decrease the TTV (Total Thickness Variations) to  $1 \pm 0.2$  ( $\mu\text{m}$ )
- Wrote procedures for processing and inspecting silicon wafers on Daitron edge-grinder, Okamoto nano-grinder, X-ray inspection, Filmetric thickness mapper
- Helped R&D engineers identify the factors that affect the average thickness of the wafers during polishing and successfully achieve thickness tolerance of under  $\pm 3$  ( $\mu\text{m}$ )
- Performed quality control on SOI (silicon on insulator), SSP (single side polished), DSP (double side polished) wafers using Filmetric thickness mapper and E+H geometry gauge
- Calculated and analyzed wafer thickness removable rate
- Monitored and ensured the quality of the slurry mixture

### College of Alameda. - Alameda, CA

March 2015 - July 2018

#### Math Tutor

- Tutored math up to advanced calculus for students of Alameda College
- Promoted tutoring services to the student population by giving tours and information sessions
- Organized monthly exam review sessions for groups of up to 10 students

### Asiate Corp. - Oakland, CA

July 2016 - January 2017

#### Office Assistant

- Observed and learned to use Accounting CS software from the training manager
- Recorded financial transactions of businesses for bookkeeping functions
- Worked with clients to prepare payroll information by collecting, calculating, and entering data on monthly and quarterly basis

## HONORS

---

- Chevron scholarship recipient May 2018 - Present
- UC Davis Regents scholarship recipient April 2018 - Present
